

# British Society for Neuroendocrinology

## Sponsorship Information Pack

The British Society for Neuroendocrinology (BSN) is a dynamic organisation dedicated to advancing neuroendocrine science, fostering knowledge, and promoting public health. Committed to supporting the neuroendocrine research community, the BSN provides a platform for collaboration and innovation. Each year, the society hosts its flagship event, the Annual Meeting, where members gather to present cutting-edge research, explore emerging trends, and to discuss the latest scientific advances. In 2025, the BSN will proudly host its 39<sup>th</sup> Annual Meeting in Bradford, UK City of Culture 2025, offering an exciting opportunity to connect and shape the future of neuroendocrinology.

### Event Details

- **Event Name:** BSN Annual Meeting 2025
- **Date and Time:** 31 August 2025 - 3 September 2025
- **Location:** Bradford
- **Purpose:** Our Annual Meeting brings together international members (academics, researchers and students) to meet and share latest research findings and discuss emerging trends in the field.

### Audience Information

- **Expected Attendance:** Approximately 150-200 delegates
- **Audience Interests:** The meeting will bring together academics, researchers and students whose interests include biological rhythms, studying food intake, glucose homeostasis, stress, pituitary function, reproduction, and neurodevelopment.

### Sponsorship Benefits

- **Visibility:** Sponsors' logos will be showcased on the web site and all promotional materials leading up to the meeting. Furthermore, sponsors will be given the option to advertise their products in our online programme.
- **Engagement Opportunities:** During coffee breaks and lunch sessions, there will be valuable opportunities to engage directly with researchers, fostering meaningful conversations and collaborations in an informal setting.

Below are our standard packages and options for you to choose from. If you can't see what you want, then do get in touch and we will work with you to understand your objectives and create a bespoke package that works for you.
